## REAL ESTATE MARKET

The F. B. Cate Agency was never so well prepared to offer such bargains in Farnas as at the present time. Below is a list of a few of our best ones. This one has about 150 acres and is only 14 miles from this city. The farm will cut between 80 and 90 tons of hay this season, can be put into the barns with little expense. There is a nice sugar place equipped with 700 tin tubs and every thing of the best for making nice sugar. The buildings are of the latest city improvements, such as hard wood finish, fire place, bath room, hot water connections, telephone, etc. The main part of the house is brick. The barns are large and convenient. The buildings could not be erected at the present time for nearly the price asked for the farm which is \$6,500. You have to take this quick if you want this year's hay crop.

This farm has recently been placed with us for sale. 300 acres right in the heart of a thriving village on the shore of a large body of water where there are a large number of summer cottages. Depot is just across the road from the buildings. The farm will summer and winter about 100 cows and teams to carry on the place. There is one large barn built about 5 years ago at a cost of \$3,200; there are other barns in good repair, also a nice new house. There has been \$10,000 paid out on buildings and improving the farm. The owner is in very poor health and unable to care for so large a place and must sell. Price for a quick sale is only \$7,500, part cash.

Two farms in Bradford, Vt., 2 miles from the village. One contains 180 acres and cuts 60 tons of hay, with good buildings, barn 100 feet in length. The other farm contains 85 acres and will cut 40 tons of hay, large barn and fair house. Will sell separate or will trade for good renting property in city.

We have cheaper farms well located, some we will trade for other property. Please call at our office for a more definite description of the above farms and others.

We have a Granite Plant for a gang of men that we would like to tell you about. Our office is open evenings. Telephone connection.

## THINGS THEATRICAL.

Louise Beaton will open her season in "Rachel Goldstein" in Philadelphia. During the engagement of Mr. and Mrs. Forbes Robertson in this country next season their new play, "The Edge of the Storm," will have a hearing.

J. E. Dodson has bought the dramatic rights to "The King of Beasts," which he intends to produce when his engagement with "The Two Orphans" ends next season.

Wright Lorimer is considering the advisability of sending out two companies in "The Shepherd King" the coming season. Mr. Lorimer will play a season of thirty weeks.

James Forbes, author of "The Chorus Lady," has disposed of the English and continental rights to the play through Miss Elizabeth Marbury. It will be prepared for London presentation.

Denman Thompson will open the regular season at the New York theater Monday, Sept. 5, with the most elaborate production of "The Old Homestead" that has ever been presented.

Weber's Music hall is to be the name of the New York playhouse that has formerly been known as Weber & Fields'. It is to be opened the latter part of September with a stock company.

## FLOWER AND TREE.

There is no really pure white rose, the whitest known when placed alongside snow showing a tinge of some color.

There is a grapevine on the Erastus Peck farm in New Haven, Vt., said to be fifty years old, that is 150 feet long and twenty-two inches in circumference at the base.

The "tallow tree" of Malabar yields from the seeds of its fruit by boiling an excellent tallow, which serves as a valuable illuminant, both as oil and by candles which are made from it.

J. D. Fraser of Merrimack, N. H., has something of a monopoly in the geranium line. The plant consists of a single stock which measures in height fully eight and a half feet under the rule.

## SCIENCE SIFTINGS.

The normal heart beats about seventy times a minute and throws two ounces of blood at each contraction.

Wilhelm Rubel, a German chemist, has hardened aluminum by a chemical process and called the product "metecit."

The air breathed daily by a person weighs thirty-four pounds, about six times as much as the food and drink consumed in the same amount of time.

## PROGRESS.

France has a new process for reducing milk to a dry powder.

Soft wood is now artificially hardened and toughened by a process of vulcanizing.

There is a machine that sews 5,300 buttons on garments in nine hours, or more than eight expert sewers could possibly do in the same time. This machine requires no expert operator. A boy or girl runs it.
